

CTR-350 Cellular Travel Router

Details and Specifications

Features

- Fully compliant 802.11b/g router
- Uses Phone-As-Modem data plan
- Enjoy broadband speeds built-into the latest handsets
- Incorporates WiPipe™ technology
- Charges cell phone*
- Also works with Cellular USB modems

* On handsets that support charging via USB

Portable

The CTR350 creates a Secure WiFi Hotspot from broadband-enabled cellular phones and modems. Enjoy the simplicity and convenience of WiFi without having to search around for a hotspot and without risking a non-secure connection.

Secure

Built-in firewall and secure chat allows you or your group to work securely while protecting your bandwidth. WEP and WPA encryption meet strict IT standards for WiFi security.

Simple

Easy-to-set-up sharing for friends and colleagues.

Functional Details

- Wireless networking compliant with IEEE 802.11 b/g Standards
- 10/100 BASE-T Ethernet Port
