

Hi! Accessory Geeks really appreciates your interest in purchasing one of our Cell Phone Signal Boosters.

A Cell Phone Signal Booster helps channel those signals you get when you are outside and bring them inside your room, house, office, boats, warehouse, and other places. Having signal inside means you will be getting reduced dropped calls, improvement on the voice quality of the calls, and extended talk time!

We are happy to help you find a Cell Phone Signal Booster that will meet your needs. In order to fully understand your situation, please answer these questions as detailed as possible.

1. What type of area do you want our product to amplify?

_____ (house, apartment, office, boat, car, truck, etc)

2. How big is your house/apartment/boat/office/car? (square feet – average house size is 1700 – 2000 sq feet)

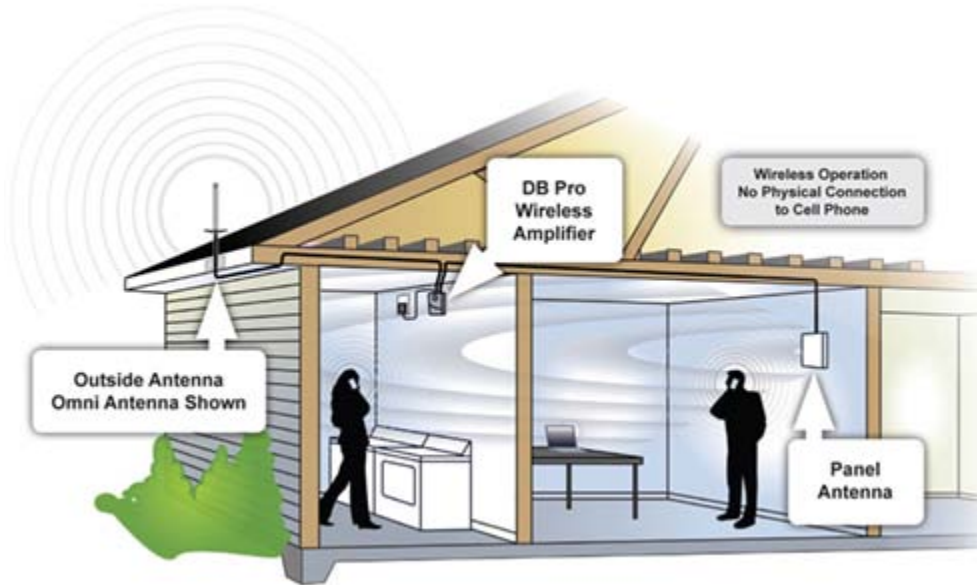

_____ square feet

3. How many rooms is your house/apartment/boat/office/car? (the areas you want to have signal amplified in)

_____ square feet

4. Is it single floored or more?

_____ floors

5. What material is the wall or any barrier dividing one room to another?

_____ (brick, wood, drywall, concrete, etc)

6. Which area has the worst signal? (out of the one that you want amplifier in)

7. How good is the signal when you are outside your house/apartment/boat/office/car?

_____ (# of bars on your cell phone screen or dB rate – dB rate can only be

acquired through your cell phone's test mode, for reference on how to go into the test mode of

your phone, please go to <http://site.accessorygeeks.com/images/description/testphonemodel.pdf> as a

reference). Please note, if you have no signal outside, gaining full bars on your cell phone by

purchasing a Cell Phone Signal Booster should not be expected.

8. What is your address? (this is to ensure that you do have signal outside)

9. Who is your service provider? (Verizon, AT&T, T-Mobile, etc)

10. What is your phone model or data card model?

11. What is your goal with having the Cell Phone Signal Booster? (voice or data or both?)

12. What is your budget?

\$_____ (We understand that you want to spend the least money as possible. **Rule of**

thumb: the bigger the area you want amplified, the more you probably have to spend)

Thank you for filling out this questionnaire! Please submit this document to one of our Customer Service Geeks, so they can find the best solution for your needs. You can contact us @ 1-866-GEEKS-93 (1-866-433-5793) or email us at cs@accessorygeeks.com.
